12. The Canadian Olympic Committee (COC) mandates *Surf Canada* to determine the Internal Nomination Procedures for the athletes and staff that will be nominated to the COC for the Paris Olympics.
13. The ED in consultation with the Head Coach are responsible for the implementation of these procedures. All team nominations, including alternates and staff, will be ratified by the ED.
14. The ED is responsible for ensuring that the process outlined in this document is properly followed and that the selection process is fair and equitable for all candidates.
15. All *Surf Canada* nominations to Major Games (MG) are also subject to the approval of the COC.
16. The ED has the final jurisdiction over the selection of the team. After the selection process is completed, if any spots remain unfilled, the ED has the authority to fill those spots. Where there is a lack of clarity or if unanticipated circumstances arise that are not covered in the selection criteria, a final and binding decision will be made by the ED.
17. The ED will confirm the final team composition for all Major Championships and Major Games (MCMG) using the criteria published in this document.

ON-SITE DECISION-MAKING AUTHORITY

18. During the actual competition period onsite at every 2024 MCMG, all final decision-making authority will reside with the head coach or the team leader in the absence of the head coach.

19. If applicable, the seeding order will be made by the *head coach* in the exercise of their discretion. This decision will be a subjective judgment entrusted to their role with the team. The timing of this decision will be in accordance with any International Federation (IF) and Continental Federation rules/regulations.
20. As per competition regulations, the team members and the seeding order of competition for each, shall be decided at least *3 days* prior to the competition. Any final changes of the team will be made by the head coach (*or the team leader*).

ATHLETE SELECTION & PROCESS

21. Period of qualification

Surf Canada's Paris 2024 qualification is based on the IOC Paris 2024 Olympic Games Qualification System [attached](#). Should there be a discrepancy between this document and the Qualification System, the Qualification System shall prevail. In the event of changes by IOC to the eligibility or selection criteria, Surf Canada is bound by these changes and will inform its members as soon as possible.

22. Process that will be used

- a. Surf Canada will be notified by the ISA the Paris 2024 qualified and eligible athletes it will nominate to the COC. Quota places are allocated to the athlete by name.
- b. Surf Canada will select athletes to the 2024 Surf Canada National Teams using a Results Based process (Method A, and if necessary, a Method B - Performance Based selection process (as described in Sections 23 and 24).
- c. Surf Canada will be setting minimum performance standards and implementing quality controls; utilizing Qualitative and Quantitative data analysis, from verifiable competitions and indexed against direct competitors and judging scale, as well as factoring depth, quality and strength of field.
- d. To be eligible, an athlete must meet the criterion, in each event for which she or he is being nominated.

SELECTION PROTOCOL – all Disciplines for MCMG, quota's guide Surf Canada's Qualification System (appendix A).

23. Method A – Result Based Nomination – selection period: 2023/24

- a. Competition results from the previous 12 months including the previous ISA event, if applicable, are eligible.
- b. Surf Canada's team selections is evidence based and data driven. Surfers that consistently produce results on the various global competitive series are Fundamentally critical to the Canadian Team objectives (Section 7,8,9).
- c. **Priority 1:** Current ranking, in order of importance, indexed on quality and depth of competition: World Surf League (WSL) Championship Tour (CT), Challenger Series (CS), Qualifying Series (QS), Pro Junior, ISA, PASA, Surf Canada Nationals, and ISA recognized

global National Federations or other eligible and approved events. Athletes with multiple podiums will be ranked higher.

- d. **Priority 2:** Best 2 results within the top 25% of the field size at eligible competitions, in order of hierarchy from Priority 1, during the selection period. Quality Controlled against depth, quality and strength of competitive field, surf conditions, and type of surf break, as to relate most similarly to contested and expected at MCMG field-of-play. In the event of a tie in the result(s) in the implementation of the above nomination process, the tie will be broken by the tied athlete's single best percentile of field placing, then 2nd best, 3rd best, and so on, until the tie is broken. Only results from eligible competitions will be considered. Percentile of field placing is calculated according to the following formula: $(\text{Field size} - \text{Placing}) / \text{Field Size} \times 100$
- e. **Priority 3:** Demonstrates measurable medal potential to the Executive Director/High Performance Director and HP Manager as determined by the Athletes performance curves, Surf Canada's Gold medal profile, and Podium pathway.

In the event that Method A cannot be fairly executed, at the discretion of the E.D., Method B will be exercised.

24. **Method B – Performance Based Nomination**

- f. In the event that Method A does not definitively determine Games Team quota (all, or in part) for National Team Nominations, or cannot be practically implemented, Method B on-site performance-based selection will be used to make final Team selections.
- g. Athlete ranking based on this selection process will ordinarily determine the order of selection for available High-Performance Program (HPP) positions. However, Surf Canada's HPP Management and Coaching staff has the right to recommend athletes to the E.D. for selection in an order other than that indicated by the rankings.

ALTERNATE POSITIONS

25. It is the intention of the *Surf Canada* high performance program to identify *up to 2* alternates per gender in order to create a more optimal training group and to adequately prepare substitutes in the eventuality of an injury prior to '24 MCMG. These alternates will be identified by *the 2024 Team Selection Protocol with the Executive Director*, following the objective criteria identified in this INP and will train as the "Games Squad" right until the nomination deadline for the *2024 MCMG (TBD)*.
26. Surf Canada shall identify all athletes who meet the criteria for nomination set out in this INP, but who cannot be nominated due to quota limitations, as alternates in their specific event or events. The alternate athletes will not have the status, privileges, and obligations of a team athlete are not anticipated to travel with the team to the MCMG or pre-Games training camp.

PERFORMANCE READINESS & INJURIES

27. *Competitive ready* is defined as the ability of the athlete to achieve equal or superior performance(s) onsite at the scheduled event, as compared to the performance(s) the

- athlete achieved in qualifying. The final decision on competitive readiness will be made by the ED, in consultation with the head coach, using all available information at their disposal including performance results and progress up until the start of MCMG competition, the suitability of the training and competition plan, fitness and other competitive readiness indicators, submitted medical documentation, consultation with the athlete's personal coach, and any other relevant performance related information.
28. Athletes must agree to participate in any *Surf Canada* designated camps related to this event. Failure to comply may lead to removal from the team.
 29. Mandatory training camps will be scheduled (*TBD*) for evaluation and preparation for the *2024 MCMG*. Any athlete who does not attend these camps may have their selection revoked by *the ED*.
 30. Once chosen, surf athletes on the *Surf Canada 2024 Games* Team will be required to demonstrate their continued preparation, soundness and ability by participating in the *2024 Games* preparation program comprised of training sessions and competitions to be held (*TBD*). Athletes named to the *Surf Canada 2024 Games* Team that are not based in North America will be required to submit a complete preparation program including training and competition plan to be approved by *the ED*. The continued preparation, soundness and ability of non-North American based athletes will be monitored by the ED throughout the preparation period therefore athletes must maintain active communication with *the ED* or risk having their selection be revoked.
 31. It is implicit that all athletes selected to the *2024 Games* team will prepare in such a way as to be at peak fitness for MCMG. Surf Canada reserves the right to perform testing on athletes nominated for the *2024 Games* in order to assess their fitness. Surf Canada also reserves the right to remove an athlete from the team in case of injury or inability to perform at an appropriate level, and to replace that athlete with a nominated reserve athlete or to not replace that athlete at all.
 32. Athletes being considered for selection to the *2024 Games* team must confirm their willingness to comply with the team preparation plans as set forth by ED and to make themselves available if selected.

INJURIES

33. Once selected, athletes who do not remain competitive ready because of lack of fitness, injury, or illness may be removed from the team at any time. Athletes are required to immediately report any injury, illness, or change in training that could affect their ability to compete at their highest level at *2024 MCMG*. Notification must be sent to ED.
34. In the case of injury or illness, the ED will consider medical recommendations in making a final decision. Injured or ill athletes may be subject to a proof of readiness test to be determined by the team head coach in consultation with the athlete's personal coach. This test will consist of a controlled performance such as a competition or observed test or trial. This trial will have a predetermined expected outcome and will take place in Canada. These athletes will not travel with the team until this requirement has been satisfied. If it is determined that the athlete is not competition ready once onsite at the event, or has not disclosed an injury or illness, he/she may be asked to return home immediately.

35. Under extenuating circumstances an injured athlete who is unable to compete at 2024 MCMG will be allowed to submit a petition to be reviewed by the Executive Director with the following conditions:
- An athlete that qualified through Method A Selections (section 23) but is unable to compete in those *Games* due to illness or injury will be able to petition for a special “*match*” if he or she has achieved a top 10 2023 ISA *ranking when reduced against PASA Nations and no Canadian athlete in that discipline made the same top 10 at 2023 PASA Pan American Surfing Games.*
 - A medical certificate must accompany the petition; however, Surf Canada may request a medical examination by a *Surf Canada* designated physician.
 - If multiple injury provisions occur in one *discipline*, the injured athletes must compete against each other first to determine who will compete for a spot on the *2024 Games* team.
 - If an athlete is injured during a portion of the qualification period and unable to compete, the ED may elect to consider results from Method A Selections (section 23) in making its nomination decisions.

The *ED, in consultation with the head coach* may, at any time, and at their discretion, disqualify an athlete from being considered for nomination to the Canadian Team based on current or past behavior of the athlete which is inconsistent with *Surf Canada’s* Code of Conduct. In the event that an athlete is deemed injured (or ill) by the *ED* as a result of having completed this assessment, the *ED* shall decide if the athlete will be sufficiently recovered to be nominated to the 2024 MCMG Team.
